## riad and sahn

Inspired by traditional zellige tiles typical of Moroccan guest-houses, this indulgent collection stands out for its vivid colour palette and artisan, handcrafted appeal.

Manufactured from white body ceramic, a collective of 10x10 wall tiles are offered across nine distinctive hues each available in two finishes. Riad displays an intense gloss finish emphasised by the uneven surface texture, whilst Sahn pursues a chic, matt facade.

This rich variety of shades can also be enhanced further, we recommend combining both Riad and Sahn together in coordinating colourways to produce a highly tactile composition for your interiors.
